BONPO SAMPLER CDs

The Bonpo Sampler CDs were produced by The Bon Foundation with the approval of the Menri Monastery as part of the scanning/training program for the Tibetan Yungdrung Bon Library. The "sampler" is a "one time only" project that The Bon Foundation has undertaken to help raise funds for the Library.

The Bonpo Sampler CDs contain three of the most popular Yungdrung Bon texts: the *Zermig*, the *Zijid*, and the *Lubum*. The first two are the encyclopedic biographies of Tonpa Shenrab and the third is the Yungdrung Bon ritual text used by both Bonpos and Buddhists for the propitiation of the serpent deities (nagas). *The texts are in Tibetan and are most useful for scholars or others who are familiar with the language.* Each CD insert has a very brief explanation of its contents in English. This project clearly illustrates the potential of digital scanning technologies in the preservation of irreplaceable manuscripts and texts. The Bon Foundation is not selling the CDs but requests a donation for the Library in exchange for providing them.

If you wish to have any or all three CDs, the Bon Foundation suggests a donation of \$27 for each CD or \$75 for the set of three. The Bon Foundation will forward your donation to the Tibetan Yungdrung Bon Library at Menri.
